

Amy Bennett, Vice President of Product Strategy and Solutions, has been with APTMetrics since its inception in 1995. Throughout her more than 20 years of experience in the field, Ms. Bennett has designed and implemented talent management solutions with Fortune[®] 500 companies across a range of industries, including pharmaceutical, financial, consumer products, manufacturing, aerospace and retail. Her many successful client engagements have contributed significantly to APTMetrics' reputation for unparalleled technical excellence and customer service.

Amy is a results-oriented leader with proven expertise in HR technology solution development, strategic planning, and implementation. She specializes in identifying key issues and needs, and designing comprehensive solutions that focus on quality content, integrated processes, a flawless user experience, and high business impact. Amy's experience includes development and delivery of successful solutions for many Fortune 100 companies in the areas of selection and assessment, leadership development, performance management, 360-degree feedback, job analysis and competency modeling, engagement surveys, and staffing for mergers and re-organizations.

Prior to joining APTMetrics, Amy worked at HRStrategies in Stamford, CT, where she provided consulting services in the areas of performance management, selection and multi-source feedback solutions.

Preceding her time with HRStrategies, Amy was a pharmaceutical sales representative with the Bristol-Myers Squibb Company. Her many focuses there included performing territory analyses, selling pharmaceutical products to physicians, organizing medical programs and implementing sales strategies.

Amy received her B.A. degree in business administration and English from the University of California, Los Angeles.
